

Pure pool enjoyment

Dolphin Supreme

maytronics

Enjoy the Dolphin Advantage

Only Dolphin robotic pool cleaners by Maytronics deliver a complete, exceptional pool experience. Bringing together 25 years of expertise in automated pool cleaning, every Dolphin robot combines advanced cleaning technologies with proven reliability to ensure maximum satisfaction, every time.

When you purchase a Dolphin, you get much more than a standard robotic pool cleaner, including:

Advanced cleaning technologies

- Intelligent, self-adjusting software ensures optimised coverage for any size or shape pool (including beach entry pools)
- Effective surface scrubbing system
- Reliable dirt and debris collection
- Dual-level filtration system efficiently cleans in any pool condition
- Precise water line cleaning effectively removes oily layer build-up

Designed for reliable, long-lasting performance

- Full warranty on all parts
- Fully automated operation
- Obstacle escape mechanism
- Motor protection system
- Designed and built to last

Cost-effective and easy service

- Built-in self-diagnostics
- Unique DIY technology

Dolphin Supreme

Triple-active brushing

The Dolphin Supreme family of robotic pool cleaners from Maytronics delivers top-of-the-line performance with the absolute minimum in effort and hassle. With a Dolphin Supreme working for you, you can relax and enjoy your pool, with full confidence that it is completely clean and hygienic for you and your family.

Maximum hygiene

Unique triple-active brushing efficiently eliminates algae and bacteria leaving your pool water clean and safe and reducing the need for chemicals.

Reliable filtration in all pool conditions

Exclusive, dual-level filtration system ensures a dust-and debris-free pool, without clogging, leaving crystal-clear water throughout your pool.

Reliable performance and ease of use

Advanced technologies deliver precise scanning and total cleaning efficiency all the way to the water line, in minimal time and without intervention.

Super-convenient maintenance

Patented top-opening filtration compartments for easy emptying and cleaning.

Top access

Dual-level filter porosity

2 filtration options

CleaverClean scanning system

Exceptional Pool Experience

Dolphin Supreme

maytronics

About Maytronics

Maytronics provides a complete solution for swimming pool care. Our wide range of products for automated pool cleaning, environmentally-friendly water treatment and pool safety deliver an exceptional pool experience to residential and commercial swimming pool owners and operators around the world.

Founded in 1983, Maytronics is the pioneer in automated electronic pool cleaning technology for private and commercial pools, developing the world-renowned Dolphin robot cleaners. Over the years, Maytronics have become the acknowledged market leader, setting worldwide standards for unmatched technological innovation coupled with highly aesthetic designs. Our state-of-the-art products and technologies consistently set new standards in pool care. All our systems are extensively tested in real-world conditions and conform to ISO 9001:2008 and CE Directives/UL Standards.

Maytronics maintains an extensive global distribution network and easy-access service centres to provide reliable and efficient sales, service and technical support. We believe in building strong, long-term relationships with our agents, some of whom have represented the company for more than 25 years.
